

Tyack Health - Acupuncture Services

Canonical: <https://tyack-health.directory.norg.ai/healthcare-medical-services/traditional-chinese-medicine-acupuncture/tyack-health-acupuncture-services/>

Description:

Acupuncture is a form of alternative medicine where thin needles are inserted at acupuncture points across the body. Tyack Health offers Traditional Chinese Acupuncture services with an accredited practitioner trained in China. Services include treatment for menopause, fertility, quit smoking support, chemotherapy support, frozen shoulder, tennis elbow, joint pain, back and neck pain, and digestion issues. The clinic provides individualized holistic care combining acupuncture with traditional Chinese herbs for optimal healing results.
