

# Tyack Health - Physiotherapy Services

Canonical: <https://tyack-health.directory.norg.ai/healthcare-services/physical-therapy-rehabilitation/tyack-health-physiotherapy-services/>

## Description:

Using advanced techniques and evidence-based care, physiotherapists assess, diagnose, treat and prevent a wide range of health conditions and movement disorders. Services include treatment of spinal pain, sports injuries, neck-related headaches, whiplash injuries, arthritis, carpal tunnel syndrome, and overuse injuries. Tyack Health offers a holistic, integrated approach with practitioners working as a team including chiropractic, podiatry, acupuncture and remedial massage services. Initial consultations include comprehensive assessment and diagnosis, with treatment typically requiring 3-6 visits depending on condition severity.
